Life is a Moving Experience™

## HONDA REAR-ENTRY

The innovative new interior of the BraunAbility Honda Rear-Entry is feature-rich with exclusive flexible seating options that allow not only comfort for family and friends, but also convenience.

A dynamic configuration that serves both the long and short cut markets, the latest Honda Rear-Entry allows for a third OEM seat mid-row. Or owners can also opt for an aftermarket mid-row seat that allows a wheelchair to fit between the two aftermarket seats. The easy Slide N' Click securing system makes getting in and out a breeze.
