TOYOTA SIDE-ENTRY FOLDOUT XT

Built on the new 2014 Toyota Sienna chassis, the Side-Entry Foldout XT conversion offers the same accessibility and convenience of any BraunAbility vehicle, all in a more streamlined package. The redesign of this popular chassis includes a sleek exterior and impressive interior options. The van's automatic kneeling system lowers the rear suspension and allows for a gentle ramp slope and an impressive 56" of sliding door height. The lightweight aluminum side-entry ramp conveniently folds out for easy wheelchair or scooter access.

The latest Side-Entry Foldout XT is a striking upgrade of an already first-class van. Check it out at a BraunAbility dealership near you!

REAR CARGO AREA

The spare tire is now stored below the rear cargo area. Third row roll-and-tumble seats fold forward to offer additional cargo space when needed.
